

Superintendent's Message
Fall 2017

The 17-18 school year is about to begin. As a long time educator in the state of New Hampshire, I cannot help but notice the many changes in public education.

The Epping community is fortunate to have excellent schools, a commitment to ensure that graduates are life, college and career ready and the resources needed to achieve these goals.

As you peruse this website, please make note that this website is but one tool that we use for communication to the public. I encourage you to visit each school's websites and Facebook pages. In addition, should you have any questions or concerns regarding your child's education, please reach out to a member of the school community. We are the stewards of the Epping community and we are here to serve the community members.

Respectfully,

Valerie McKenney ,CAGS
Superintendent
Epping School District
