

## **CM - SCHOOL DISTRICT ANNUAL REPORT**

The school district annual report serves as a primary means of communication between the Epping School District and the Citizens of Epping. An annual report of the district shall be prepared by the Superintendent based on the report outline and guidelines of the School Board. The annual report shall communicate to the public informing parents and citizens of the annual financial status of the district, the warrant articles to be voted upon, information explaining the warrant articles, the educational program offered by the schools and school district, and other information addressing the programs and conditions of the School District. Upon Board approval, the report shall be made available to the public and state agencies.
