

COMMITTEE NAME: TASK FORCE

DATE: October 26, 2021

START TIME: 3:30 PM	END TIME: 5:00 PM
----------------------------	--------------------------

ATTENDANCE: Cathay Zylinski

Jaime Marston

Sarah Beaudreau

Sarah Wagner

Christine Vayda

Karen Mongeon

Jordan Sargetn

Nicole Clayton

Susan G

Sean Maegher

Nicole Bizzarro

Nicole Kukesh

Heather Charkowski

Amy Newman

Joy Page

Joanne McCann

Racheal Pette

Dave Mylott

Joe Parzick

Bill Furbush

Heather Clark

Shaina McTague

Tom Rup

AGENDA:

Please see presentation:

[COVID Task Force 10.26.21](#)

Review of the current numbers.

The clusters are a bit larger and numbers are increasing.

The state has opened new testing sites. Antigen tests have limited availability.

TOPICS/DISCUSSIONS:

Discussion on Home Test Kits. Thoughts were shared by our nurses about reliability, process, and availability. This would help students return to school as quickly as possible. The CDC has resources and tutorials on how to administer tests. There are free testing sites available. This will start on Friday.

Bill will craft correspondence to the community and send this information out Friday.

There is no magic number of students requiring us to close. We take our guidance from DHHS. Each situation is unique and has to be analyzed separately.

Survey results were analyzed to gauge the level of interest for receiving 1st, 2nd, or booster shots . This is just for staff. Possible Friday schedule as to allow recovery time for reactions to the vaccine.

DECISIONS/VOTES:

There are no recommendations for any changes to our mitigation strategies. Any future changes would be responded to accordingly. Adjustments would be based on current CDC and DHHS guidelines.

DATE OF NEXT MEETING:

Next meeting is November 16, 2021
